

PETROLEUM TECHNOLOGY DEVELOPMENT JOURNAL

An International Journal

January 2020 Volume 10 Number 1

Contents

Guidelines for Authors.....	ii
Summary of Content.....	1

Articles

An Analysis of Flow Measuring Mechanisms to Arbitrate Losses in Bends and Fittings for Analogous Operations.

Joshua O. Ighalo and Queendarlyn A. Nwabueze.....4

Lithofacies and Depositional Environmental Interpretation of Well Logs Within Akos Field, Coastal Swamp Depobelt f The Niger Delta

Tope S. Alege, Joseph I. Omada and Martins Onimisi.....14

Beyond Ogoni Clean-Up: Rethinking Environmental Protection Laws Governing the Operation of The Oil Industry in Nigeria

Florence U Masajuwa27

Integration of Structural Seismic Interpretation, Stratigraphic and Petrophysical Analysis for the Hydrocarbon play assessment of ‘X’ - field within the Coastal Swamp Depobelt of Niger Delta

Eze, U. Stanley, Orji, M. Omafume, and Nnorom .S. Lotanna.....45

Experimental Investigation of Chlorella Vulgaris Cultivation from Coal Combustion Flue Gas and Steel Slag for Bio-fuel Production.

Saka, M.B and Ibrahim, Rasdaq.....68

Notes and Comments

Discrepancy in Test Results From Analysis and Lack of Necessary Research Tools: A Challenge To Adequate Research Output In Nigeria.

Nasiru S. Akonyi, Olugboji A. Olugboji, Evudiovu A. P. Egbe and Oyewole Adedipe.....80
