

# PETROLEUM TECHNOLOGY DEVELOPMENT JOURNAL

An International Journal  
July 2019 Volume 9 Number 2

## Contents

Guidelines for Authors.....ii

Summary of Content.....1

### Articles

**Maximization of the Run Life of Electrical Submersible Pump through Effective Analysis of its Operational Problems in Egyptian Oil fields.**  
Ahmed El-Gibaly, Said Kamel, Mohamed Nour.....4

**The Influence of Salinity on CO<sub>2</sub> Sequestration by Direct Flue Gas Injection into Gas Hydrate Reservoirs**  
Rita U. Onolemhemhen, Queendarlene A. Nwabueze and Kingsley E. Abhulimen.....22

**Reservoirs of Hydrocarbons with Signs of Biodegradation, in Parts of Eastern Niger Delta, Case Study: Alaoma-Omerelu-Iheoma-Ohaji Area of Imo State, Nigeria.**  
Anthony J. C. Madu, Adedeji Awujoola.....33

**Reservoir Navigation in Njaba Field: Challenges, Procedure and Results.**  
Ajisafe Isaac, Inenemo Abdulwahab, Ndokwu Chidi, Amadi Kenneth, Toyobo Oluwaseun, and Okowi Victor.....52

**Right of Host Communities to the Benefits of Nigeria's Oil Industry: An Appraisal Based on International Legal Standards**  
Dr. Florence U Masajuwa and Dr. Simon Imoisi.....60

**Optimizing Gas Production Strategy in Offshore Niger Delta Gas Condensate Field Using Dynamic Simulation Model**  
Bashir Umar Shehu, Muhammad Bashir Abdullahi and Enobakhare Osarugue.....74

**Economics of Local Materials as Base Fluids in The Formulation of an Oil Based Mud**  
Sarah A. Akintola and E. B. Atere.....90

**Gas Hydrate Formation Promoted by Additives for Gas Storage Application: A Review**  
W. C. Okologume, D. Appah, B. S. Kinigoma and E. J. Okafor.....105
