

PETROLEUM TECHNOLOGY DEVELOPMENT JOURNAL

An International Journal

January 2022 Volume 12 Number 1

Contents

Guidelines for Authors.....ii

Summary of Content.....vi

Articles

Application of Agro–Waste Materials for Improved Performance of Water–Based Drilling Fluid

Sarah A. Akintola, Benjamin O. Orisamika, and Kehinde O. Odetola.....1

The Application of Blended Learning in Teaching Petroleum Production Engineering Course in The University of Port Harcourt

Toyin Olabisi Odutola.....8

Investigating The Impact of Short Burden and Spacing on Blasting Output in Zeberced Quarry, Abuja, Nigeria

M. B. Saka, and S. O. Ayoola.....19

Hydrocarbon Prospectivity Evaluation of ‘Honyx’ Field, Niger Delta

Abe Sunday James.....26

Effects of Shale/Mud Salinity Ratios and Depth on Chemical Stress in Wellbore Instability Management

Nnamdi E. Ezendiokwere, F. Joel Ogbonna, Victor J. Aimikhe and Adewale Dosunmu.....35

Integrity Appraisal of Long-Term Hydrostatic Strength (LTHS) of Plantain Fibre Reinforced HDPE (PFRHDPE) for pressure piping applications

C. C. Ihueze, C. E. Okafor, U. O. Onwurah, C. M. Obele, N. S. P. Obuka, J. Abdulrahman, and N. C. Okoli.....47
